We've had a wonderful Spring! Our annual yard sale was a total success thanks to everyone who donated and worked so hard to make it happen. It takes two days to move everything and set it up, then after the sale we have to take care of everything left over. This year we had an awesome crew to help with the work and that was extremely helpful.

We are now working on the Bowdoin College fundraiser. That one takes a month to set up. Sixteen non-profit organizations move, organize and sell all the items left by the students.

Once this event is over, we'll have a bit of a rest. The next fundraiser is a silent auction. At Last Salon & Day Spa (where one of our board members works) will hold this event during the month of August. Items will be displayed in the salon as well as on-line. We are looking for donations for that, too. Last year someone donated a weekend at a cottage on Cape Cod and it was probably the item that raised most of the money! We'd love to be able to auction some fresh Maine lobster this year if anyone has a source and would like to donate.

Bentley is doing very well at his new island home. Daily strolls on the beach with Ada and Woody sound like a dream life to me! Bentley came with cervical issues that his new owners are caring for. He's a lucky boy.

Bengal has made a nice adjustment into a home with several cats and a Cockatoo! That's a great deal for a young dog to accept but he's done a smashing job. He also enjoys the summer home on an island where he can run and play with his doggy cousins.

Bruce is also doing well in his new home. He loves his doggy brother and sister and enjoys play time with them at the park. He's a wonderful boy, plays very appropriately, loves to snuggle, adores car rides and has terrific house manners. He has gained so much confidence that one would never know he was insecure when he came in.

Our new web site theme will be Summer Fun. We'd love to have photos of your dog enjoying the nice weather. Our web site viewers also love reading the success stories so we're asking again for some stories to post. Just a cute story about something your Dane has accomplished or a naughty story would be nice! It would show the rest of us that we're not the only ones to own naughty Danes! Send your photos or stories to jowilliams15@aol.com

Another tough good-bye. Hailey was one of the first dogs to come into our rescue. I have to admit, I had some reservations about adopting her to a young woman straight out of college, moving into a one room apartment that week! Hannah soon showed us we had nothing to worry about. There were some rough spots handled remarkably well by Hannah and Jon. Hailey was a amazing dog who eventually welcomed two babies into the family and had her own backyard to lounge in the sun. She's greatly missed by a fabulous family.
